

NoteBox 16

Key lock

NoteBox 16 is a compact storage and charging solution for 16 tablets or similar size devices.

NoteBox 16 is a compact and convenient storage box that holds up to 16 tablets, iPads or similar size devices. Devices can be charged in the locked NoteBox via 16 power outlets.

It is easy to hang the NoteBox on the wall in the classroom, staff room or office. Placement of NoteBox is flexible. The small storage boxes can also be placed on a desk or stacked if required.

NoteBox has a secure cable system that prevents cables from getting lost.

With NoteBox you get a small, robust and flexible box for secure storage and charging of up to 16 tablets, or iPads or smaller laptops/ Chromebooks.

NoteBox 16 Solutions

- Designed for storing and charging up to 16 tablets, iPads or smaller laptops/Chromebooks with a size of up to 12 inches.
- The NoteBox is a robust, small steel box.
- The sturdy NoteBox holds adjustable partitions that protects the devices and provides flexibility in terms of device size with or without a cover.
- The NoteBox has a separate compartment for power and electronic equipment, as well as internal cabling with a security system that prevents the cables from being removed.
- The NoteBox can be fitted with power panels or a USB outlet.
- The NoteBox can be placed on a desk or mounted on the wall. It can be stacked with as many devices as necessary.
- The NoteBox is equipped with a key lock as standard. It is also possible to fit NoteBox with a 6-pinned Ruko mail box lock.
