

NoteBox Phones 32

Key lock

NoteBox Mobile is a secure storage solution for 32 mobile phones.

NoteBox Mobile is an ideal solution to securely store all students' mobile phones. The sturdy and compact NoteBox Mobile is designed to hold 32 mobile phones.

NoteBox Mobile is fitted with a key lock, so the teacher can easily and quickly lock all mobile phones inside. NoteBox Mobile can be hung on the wall by the changing room, in the gym, classroom or some other convenient place.

NoteBox Mobile was developed at the request of several European municipalities and designed to store up to 32 mobile phones. The main objective of the development has been to develop a storage solution that supports and integrates students' daily use of mobile phones in modern education.

NoteBox Phones 32 Solutions

- Designed for storing up to 32 mobile phones with the sizes of maximum 7".
- NoteBox Mobile is a sturdy box and tested for everyday use.
- NoteBox Mobile is a small storage box that can be mounted on the wall.
- Mobile phones are kept secure in the box, which is fitted with a key lock.
- NoteBox Mobile is prepared for installation of the Ruko lock system
